Sekiryukan Taijutsu Karate is a contact martial art, meaning it involves physical contact with one or more other practitioners in ways designed to simulate as closely as possible the self-defence options available to a practitioner when confronted with physical aggression and/or threatening behaviour. As in any other physically demanding recreational activity, there is always a risk of injury. Any person participating in a class conducted by Engadine Dojo does so with the full understanding that whilst it is the policy of Engadine Dojo to minimise this risk, the nature of contact physical activity prevents its total elimination. Persons participating in a class conducted by Engadine Dojo do so of their own volition and at their own risk.
